Welcome to Twin Valley Middle School...

On behalf of the faculty and staff, we welcome students and parents of Twin Valley Middle School. Please join us in creating a very rewarding and productive educational experience for each student. It is our goal to provide a transition experience that considers the special needs of the “middle level” child while providing the structure and guidance our students need to be successful in school and in the world community.

We hope that you will make the most of the opportunities available at TVMS by becoming actively involved in the learning process and extra-curricular programs. This will enable you to grow physically, intellectually, socially, and emotionally.

We wish you success as you begin a new year with us for the 2016-2017 school term. We challenge you to become active learners, responsible citizens, creative thinkers, and problem solvers.
