

**TWIN VALLEY
MIDDLE
SCHOOL

STUDENT
HANDBOOK**

2019-2020

ATTENDANCE PROCEDURES

Any child who has attained the age of eight years old prior to February 1 of any school year or who has entered school at an earlier age and who has not yet attained the age of seventeen years, nor graduated, shall be required to attend school regularly during the entire school year. It is also required by state law that schools maintain accurate attendance records. Therefore, attendance is taken daily at the beginning of each school day. After attendance is taken by the advisory teacher and the attendance slips are sent to the guidance office, a student coming to school late must report to the guidance secretary in the office for an admission slip before entering class.

Attendance Policy

The Board of Education requires that school aged pupils enrolled in the schools of this District attend school regularly in accordance with the laws of the Commonwealth. The educational program offered by this District is predicated upon the presence of the pupil which is required for continuity of instruction and classroom participation. Excessive student absence is disruptive of the educational process and therefore, harmful to our students and to our society. The regular contact of pupils with one another in the classroom and participation in a well-planned instructional activity under the tutelage of a competent teacher are vital to this purpose. Resident children shall be entitled to attend the District's public schools from the earliest admission age to the District's kindergarten school program until the age of 21 years. School attendance is compulsory from the time the child enters the lowest grade of an elementary school above kindergarten until the age of 17 or graduation from a regularly accredited senior high school. No student shall be admitted to the District's schools who has attained a high school diploma or its equivalent unless such student is part of a foreign exchange program.

Full Attendance Required

Students are required by law to be in full attendance each school day unless absent for an approved reason, which is defined herein as an excused absence. Any absence not approved shall be deemed to be an unexcused absence. The building principal(s) shall approve excused absences and determine when an absence is unexcused.

Parent Call-In

Twin Valley requests a parent or guardian to call the school when your child is absent. **Although a telephone call has been made, a written excuse is still required.** The excuse form (forms are provided by the office or may be downloaded from the school website) must be received by the school within three days of the student's return to school. **If no excuse is received within three days, the absence will be recorded as unexcused.**

Student's Obligation Upon Reporting to School

A 7/8 student must report to his or her advisory before the tardy bell rings, while a 5/6 student must report directly to their Block 1 class. If a student enters this period late and unexcused, this offense will be classified as tardy to school. If a student arrives at school after the initial attendance period has ended, he or she must report to the guidance office. Any student who fails to do so will be charged with an unexcused absence for the entire day.

Excused Absences

The guidelines governing excused absences are established by the Department of Education and may be found in Chapter 11 of Title 22 of the Pennsylvania Code. The parents of a student are responsible to see that each child is in lawful school attendance. Therefore, any request that an absence be approved as an excused absence must be requested, in writing, from a parent.

Excused Absences:

- ✓ Observance by a student of a bona fide religious holiday in accordance with the student's religious beliefs.
- ✓ **To obtain health care from a licensed practitioner, on those occasions when it is not practical or possible for the student to receive such health care after school hours**, absence hereunder shall be limited to the minimum time necessary to receive the required health care.
- ✓ Illness
- ✓ Family emergencies
- ✓ Prearranged doctor and dental appointments
- ✓ Authorized school activities
- ✓ Approved student educational trips

Unlawfully or Illegally Unexcused Absences:

- ✓ Absence from school with parent/guardian’s consent for reasons other than those considered excusable
- ✓ These are absences that would be classified or marked as “parental neglect,” “illegal employment,” or “truancy.” The mere fact that a parent has written an excuse does not mean the absence is “excused.” Excuses of a doubtful nature will be investigated.
- ✓ Leaving school during school hours without authorization
- ✓ Truancy Day(s)—Absence from school without knowledge or permission of parent/guardian and school administration
- ✓ Specific Unsatisfactory Excuses

In addition to the limitations previously set forth in this policy, students are specifically placed on notice that unsatisfactory excuses may include but not be limited to the following:

- ✓ Missing the bus
- ✓ Oversleeping
- ✓ Automobile failure
- ✓ Cutting class
- ✓ Failure of parent to arrange for child care

Tardiness

Tardiness, like absence, can be an interruption of the educational process and should be avoided. When students report to school late, they should present a note from the parent with the reason for the tardiness. Habitual tardiness to school, if unexcused, will result in assignment of detention (See page 17 for more information). A student that arrives after 9:30 A.M. (7/8 grade)/ 10:30 A.M. (5/6 grade) will be marked absent for a half day. Arrival after 1:00 P.M. will be recorded as a full day absence.

Early Dismissals

Early dismissals should be requested for emergencies only. Students are to bring a signed note to the office before advisory. Please attempt to arrange doctor and dentist appointments for after school hours. Parents must sign out their student in the office when they leave school; and if the student returns before dismissal, he/she must sign in at the office before returning to class.

Releasing Children from School

Since the school is responsible to the parent for those hours the child is in school, these rules shall be observed:

- ✓ Children shall be released from school only to their parents or to persons authorized by their parents.
- ✓ In case of illness, it shall be determined that the parent or reliable adult is at home before the child is sent home.
- ✓ If any police or court official requests the dismissal of a pupil during school hours, parents should be notified at once.
- ✓ Requests for released time for dental and medical appointments shall be honored when it is impossible to arrange them on non-school time. A written request from the pupil’s parents is necessary.
- ✓ Children shall not be dismissed during school hours for non-school activities such as private music lessons, dancing lessons, scouts, etc.

Student/Family Educational Trips

Vacations for students during the regular school term are discouraged. However, if it becomes necessary to remove a student to accompany parents on an educational trip, the parents are asked to submit a request in writing at least a week in advance on the *District Educational Trip* form. A student may be excused during a school year for up to five (5) days of absenteeism resulting from family or family financed trips which have educational aspects. The request to be excused for an educational trip must be approved in advance by the building principal. Approval will be contingent upon the student's academic progress, attendance record, and on the student's responsibility for keeping up with assignments during the trip. In the event that the request exceeds 5 school days, the parent will be required to submit a special request to the district's attendance committee, consisting of a building administrator, a guidance counselor, and Student Services. No trip will be approved during the first or last five (5) days of a semester, or during published state standardized testing dates. The attendance committee will determine whether or not any additional days will be approved.

Illness or Other Urgent Reasons

An absence hereunder shall be deemed excused upon receipt of satisfactory evidence of a student's illness, physical injury, or upon other urgent reasons. Non-attendance by a student shall be for a temporary period. The term "urgent reason" shall be strictly applied and shall not permit irregular attendance.

Therefore, excused absence hereunder shall be limited to:

- ✓ Illness
- ✓ Physical injury
- ✓ Death in student's immediate family
- ✓ Other reasons properly deemed to be "urgent" by the building principal(s)

School Sanctioned Activities

Absences from class for school sanctioned activities, including but not limited to field trips, athletic events, and non-athletic events shall be exempt from the **30-day** excused absences limit described in this policy.

Tutorial Work

Upon parental request, a pupil may be excused during school hours for the purpose of receiving tutorial instruction in a field not offered in the District's curriculum but only under the following circumstances. The excuse does not interfere with the regular program of studies; the qualifications of the instructor are approved by the Superintendent; any instruction or transportation costs associated with receiving tutorial instruction shall be the responsibility of the involved parent/guardian.

Excuse Cards

Upon returning to school following an absence, whether for a partial or full day, present the completed district Report of Absence form signed by your parent/guardian to your advisory teacher. **If the absence excuse is not presented to the advisory teacher within three consecutive school days upon returning to school, the day(s) absent will be marked as an unexcused absence.**

Make-up Work

Students are provided an opportunity to complete assignments missed because of absences. It cannot be assumed that the full benefit of missed work can be gained through merely make-up work, since it is clearly understood that the learning activity that takes place during the classroom period once missed can never be regained in its entirety. However, benefit can be received through assigned work. The guideline for missed work will be such that make-up work should be equal to the amount of time the student was absent. Arrangements for make-up work are the primary responsibility of the student and/or the student's parents. Extended time may be granted in cases where extra time is needed. Time and work may be made up after school, at home, or during school hours. **Students who cut class or whose absence is illegal or unexcused may not make up any work missed on the dates of illegal or unexcused absences.**

Homework

Homework can be an effective tool for learning and practice. Teachers will instruct students where assignments can be viewed online. In the event of an absence from school for illness, trips or extended leave, parents are encouraged to make individual requests directly to their child's teachers.

Withdrawal From School

When a student is withdrawn from school for reasons of moving or to attend another school, the school should be notified two (2) days in advance. The student must secure a withdrawal form from his/her counselor and on the last day of attendance have each teacher initial the form showing what all obligations with each teacher are. All books and bills must be either returned or paid. Information as to where the student is moving and the name of the school district if possible, must also be furnished on this form. After all obligations are taken care of, and proper information presented to the school, all grades and records will be released to the next school.

Excessive Absences and Official Notifications

First Offense

A first offense consists of 3 or more days of absence without lawful absence. The school district's official notice of absence is sent via registered letter to the parents emphasizing that if unlawful absence continues or occurs later in the year that a fine will be issued by the District Justice.

Second Offense

After the first offense notification has been sent, the next school day that the student is unlawfully absent becomes a second offense and requires a fine be assessed through the office of the District Justice. The Justice is notified of the names of the offending students and parents by a letter from the School District. This fine is sent by the District Justice, to the home, by certified mail. If a parent fails to accept or pick-up the certified mail from the District Justice, a warrant or summons will be issued in his/her name. All attendance records are transferred from school to school during the school year and are enforceable in the event of student transfer.

Truancy Elimination Plan

When a student accrues unlawful absences, TVMS will develop a Truancy Elimination Plan which will include such steps as student and parent re-notifications and warnings, additional opportunities for excuse card submission, and personal meetings with school counselors and administrators.

Unexcused Absence and Academic Penalties: Every student absence from school, or from any class a student is required to attend, which is not approved as an excused absence, shall be deemed to be an unexcused absence. The following penalties shall be imposed for unexcused absences.

- ✓ If a secondary student's unexcused absences from any class total more than **eight (8)** for a semester course or **fifteen (15)** for a full year course, the student shall not be granted credit toward graduation or promotion for any such semester course or yearly course.
- ✓ Repeated infractions of Board policy requiring the attendance of enrolled students may constitute such misconduct and disobedience as to warrant the suspension of the student from the regular school program.
- ✓ The Board authorizes the Superintendent to suspend a student from a particular class or from school in accordance with the policies of the Board if sincere efforts by the staff and parents cannot rectify the pattern of absence.

Excessive Absences Whether Excused or Unexcused

If a student at the secondary level is absent from any class, excused or unexcused, more than **fifteen (15)** periods for a semester course or **thirty (30)** periods for a full year course on the last day of the semester or year, the student may not be granted credit toward graduation or promotion for any such semester course or year course for such course or courses. In any such event, the student shall not receive credit for each applicable course. Students at the elementary level who have more than **fifteen (15)** days of unexcused absences in any school year may not be granted promotion.

Exceptions to Student Penalties Imposed Under this Policy

Exceptions to the penalties established by this policy may be granted at the discretion of the principal(s) when, under the individual circumstances involved, it is reasonable and prudent to do so. An exception, for example, may be considered in an instance where a student is unavoidably absent as a result of a lengthy illness and is able, nonetheless, to satisfy the educational requirements of the course or courses involved. Upon return from an absence from school, the student shall provide a written statement signed by the parent/guardian and including the date of and reasons for the absence. If the written statement is not provided within three (3) school days following the student's return to school, the absence will be considered to be an unexcused absence.

Each teacher shall maintain an accurate daily record of absences and tardiness for all students in the teacher's classes. The building principal(s) will formulate definitions to distinguish among tardiness, half-day absenteeism, and whole-day absenteeism. For students of compulsory school attendance age unexcused absences are illegal, and the school district will implement the resulting actions as specified by state legislation. Class cuts and excessive tardiness will cumulate into equivalent days of unexcused absence.

Notification of Parents

The school will attempt to notify parents of continued absences from school and classes. Attempts will be made to verify receipt of probationary letters and review letters by having them sent through **certified mail**. Personal requests for notification on a more frequent basis will be handled through procedure(s) developed by the building principal(s).

Appeals/Reviews

If a student exceeds the maximum days of absence as outlined in this policy with no provision for substantial justification for the absence, the student will have the right to:

- ✓ Petition his/her case to be reviewed by the building level administration.

- ✓ Have the case reviewed by Student Services.
- ✓ **Petitions will be accepted only in cases where the petition is for relief from academic sanctions. Petitions will not be accepted for any disciplinary actions resulting from violations of this attendance policy.**

DISTRICT WELLNESS POLICY

The Child Nutrition and WIC Reauthorization Act (Public Law 108-265) requires all school districts in the state of Pennsylvania that participate in the National School Lunch and Breakfast Program to develop and implement a local Wellness Policy by July 1, 2006. - ✓ Goals for physical activity, nutrition education, and other school based activities that are designed to promote student wellness.
- ✓ Nutrition guidelines for all foods available on the school grounds during the school day with the objectives of promoting student health and reducing childhood obesity.

- When defects are found on any of the above tests performed at school, a notice is sent to the parents recommending follow-up care. The follow-up notice will be returned to the school nurse when it is completed by the doctor or dentist. Any medical problem concerning the student should be addressed to the nurse. Medication Policy should be followed when medications are to be given during school day.

Crutches, Wheelchairs, Elevator Use

For students coming to school with crutches or a wheelchair for temporary use, a doctor's note stating the length of time the student will be utilizing such device is to be given to the school nurse. The school is unable to supply crutches or wheelchair for student use.

For the use of the elevator, a doctor's order will also be required. If the elevator key is lost, the student will assume the obligation to replace the cost of same.

Daily Procedures to Nurse's Office

- ✓ Students with illnesses, allergies, operations, accidents, pregnancy, hospitalizations or other health conditions occurring during the school year should report to the school nurse, so that an accurate health record can be maintained for your child.

Emergency Cards

In order to remain current with the student's health, emergency cards must be filled out for each student, kept current and returned to the health room for use in emergency situations. An emergency telephone number other than the place of residence is requested in case the student becomes ill or injured when the parent cannot be contacted at home. E-mail addresses would also be helpful. Parents should be prepared, if necessary, to transport the student from school.

Field Trip or Other School Sponsored Activities

Any student who requires medication or a special medical procedure on a field trip must have parental consent to participate in the field trip and provide appropriate instructions from the parent and/or the child's physician regarding the administration of medication or medical procedures and will be based on student individual needs.

Immunizations

In accordance with immunization requirements from the Pennsylvania Department of Health and State Board of Education all students grades (K-12) must have the following immunizations to attend school.

Medication Use at School

Guidelines for the administration of both prescriptive and over-the-counter medications are necessary for both safety and control reasons in a school setting.

- ✓ Medications will be given only if an “Authorization for School Medication Administration Form” is completed in full. Forms can be obtained from the school nurse or on district website under Health Suite.

A school and its students are being observed at all times. A well-groomed and neatly dressed student body sets a tone and positive atmosphere conducive to learning. Students should be neat, clean, and dress responsibly in ways that reflect good taste and modesty. When representing the school at off-campus events, students should dress appropriately or as directed by a school official. Please observe the following guidelines when considering how to dress for school:

Students have the opportunity to participate in several optional adventure based activities in P.E. classes. It should be understood that some of these activities involve risk of physical injury; therefore, care should be taken when deciding to participate in an adventure based activity.

PROMOTION & RETENTION POLICY

The Board recognizes that the personal, social, physical and educational growth of children will vary and that they should be placed in the educational setting most appropriate to their needs at the various stages of their growth.

- ✓ Most students should not spend more than five years in middle school
- ✓ Students should be promoted to the next grade if they pass all subjects or if they fail not more than one major subject. If a student fails more than one major subject, he/she will be retained.
- ✓ If a student fails the same major subject in language arts, mathematics, science or social studies in seventh and eighth grades in consecutive years, he/she will be retained.
- ✓ Students may attend summer school, even if Twin Valley does not offer summer school. If a student successfully completes a pre-approved summer school program, he/she will not be retained. All transportation and fees for summer school will be the responsibility of the student.

If promotion is in danger, the parents shall be informed in writing no later than the middle of the fourth marking period. If a decision is made to retain, the parents shall be notified in writing at the close of the school year. Regardless of promotion or retention, there should be close cooperation between the teachers who had the child and the ones who receive him/her.

The principals have the authority to determine exceptions to this policy. The following criteria shall be used as a guide:

- ✓ Academic performance
- ✓ Maturity of the student
- ✓ Aptitude for achieving at the next grade
- ✓ Achievement test scores
- ✓ Attendance

Grading Scale for 5th & 6th Grade

How to Earn a 4

As educators and parents, we always want to help children not only attain their best, but also ensure they are striving for their best at all times. Therefore, it is important that both you, the parent, and your child understand how to attain a 4.

It might help to understand what types of words describe one performance of a student who receives a 4: exemplary, outstanding, above expectations, exceeding the targeted skills.

Students who receive a 4 on a certain skills have demonstrated higher order thinking and problem solving. Teachers utilize the following characteristics to evaluate whether or not a student has earned a 4: grasps, applies, and extends the key concepts, processes the skills for grade level independently and with relative ease, displays a higher level of thinking and understanding, communicates understanding effectively and thoroughly, consistently meets and, at times, exceeds the requirements.

Our goal is to ensure that all students meet or exceed the standards.

Grading Scale for 7th & 8th Grade

Students in grades 7 and 8 are assigned the following traditional achievement levels:

Numerical Grade	Letter Grade
93-100	A
90-92	A-
87-89	B+
83-86	B
80-82	B-
77-79	C+
73-76	C
70-72	C-

*Each semester we recognize those students who reach a high level of achievement by naming them to the **Honors** honor roll or **Distinguished** honor roll.

CO-CURRICULAR/ EXTRA-CURRICULAR ELIGIBILITY (GRADES 7 & 8)

- 1) Participation in all athletic/co-curricular/extra-curricular activities is a privilege. Athletic/co-curricular/extra-curricular activities are those upon which no grade is based, i.e. athletics, long distance trips – those activities that are not required for a grade.
 - ✓ Eligibility requirements shall apply uniformly to all athletic/co-curricular/extra-curricular activities. Prior to an athletic/co-curricular/extra-curricular season, coaches/advisors must check eligibility.
 - ✓ Weekly Eligibility. Any student failing more than one course at the middle school as of 11:00 A.M. on a Friday is ineligible to participate in athletic/co-curricular/extra-curricular activities for a period of one week beginning from the immediately following Sunday through the next following Saturday. Eligibility is based on a student's cumulative average from the first day of the quarter, as well as his/her cumulative average from the beginning of the school year, whichever is lower. After a student is ineligible, his/her grades will be reviewed the following week, week by week, to re-establish eligibility.
 - ✓ Work completed and grades received following the close of a weekly period do not alter or shorten the period of ineligibility. For example – A student is declared as failing more than one credit as of 11:00 A.M. on Friday and is therefore ineligible for the next week. On Friday he takes and passes a test, or on Monday turns in back homework, and is now passing all but one of the failed courses. He is still ineligible for the entire week. Work completed after the close of an eligibility period affects only the next eligibility period.
 - ✓ Any middle school student failing more than one academic class at the end of a grade period or any related arts classes in the prior quarter is ineligible to participate in any athletic/co-curricular/extra-curricular activities for a period of fifteen school days beginning with the first day of the next grading period. At the end of the school year, the student's final grades will determine eligibility for the next grading period.
 - ✓ Yearly eligibility can be changed after the successful completion of an approved summer school course(s).
 - ✓ During the period of time a student is ineligible, the student shall not participate in any athletic/co-curricular/extra-curricular activity, in any way. The student may not practice or play in any game, performance, or activity that is of an athletic/co-curricular/extra-curricular nature.
 - ✓ Upon returning from being ineligible, at the beginning of a season due to grades, an athlete must practice a minimum of two calendar weeks before participation in an athletic event.
 - ✓ Athletics, band, and many other clubs have participation and attendance requirements. Frequent and lengthy periods of ineligibility may result in a student being removed from the athletic team, club, or organization.

- 2) Each school year, prior to participation in an athletic activity, every student athlete and his/her parent/guardian shall sign and return the acknowledgement of receipt and review of Concussion and Traumatic Brain Injury Information Sheet. A student who, as determined by a game official, coach from the student's team, certified athletic trainer, licensed physician, licensed physical therapist, or other officially designated by the district, exhibits signs or symptoms of a concussion or traumatic brain injury while participating in an athletic activity shall be removed by the coach from participation at that time. The coach shall not return a student to participation until the student is evaluated and cleared for return to participation in writing by an appropriate medical professional. The School Board may designate a specific appropriate medical professional(s) to provide written clearance for return to participation.

Restriction on Participation on Athletic Teams of the Opposite Sex

It is the finding of the Twin Valley School District that athletic opportunities for members of the male gender have not been previously limited. Furthermore, the School District finds that the physical size, speed, and power of male athletes would create a hazard to the health and safety of female participants. Based on the foregoing, the Twin Valley School District prohibits male participation on female athletic teams. Members of the female gender may not participate in games or practices on male athletic teams where there is either a separate female team in the particular sport, or the sport involved is a contact sport, e.g. wrestling, football, etc.

After School Activities

Students may stay after school only if participating in or attending a school sanctioned activity or event, and must be in appropriate supervised areas during this time. Students in grades 7 & 8 have many athletic and co-curricular after school activities available to them. A limited number of after school activities and intramural athletics are also available for participation by all 5th and 6th grade students.

Students staying after school as spectators must follow the guidelines below:

1. Turn-in your parent permission note to stay after school into the office on the day of the contest.
2. Report to the cafeteria after dismissal and wait there until the field or gym is open for spectators. Stay out of all other parts of the school building.
3. You must sit in the bleachers provided and watch the game, no roaming the campus or school building during this time.
4. Use only the appointed restroom of that venue.
5. You are not authorized to be in the locker room for any reason when at an after school event.
6. You MUST wait at the field or gym until picked up by a parent or guardian. You may not leave the contest area or the school campus.
7. No MS students are permitted in the district weight room without a coach.

GENERAL INFORMATION

Book Bags/Backpacks/Handbags/Purses

Book bags/backpacks may be brought to school. They must remain in the student's locker throughout the school day. Purses and handbags should also be kept in lockers. Provisions have been made to allow students to access lockers when necessary.

Chaperones & Volunteers

Volunteer and Chaperone Clearances - Any volunteers or chaperones will need to follow the guidelines for clearances set forth in Board Policy 916 available on the district website (www.tvsd.org).

Dances

Dances are special additions to Middle School social life and sponsored by our Parent Involvement Council. With privileges come responsibilities. In order to continue having dances the following rules must be maintained:

1. All school rules apply to students during the dances, including the dress code unless specifically noted otherwise.
2. Only TVMS students may attend their specific grade level dances. As a general rule, no high school students or students attending other schools are permitted to attend dances.
3. No one will be admitted after the dance has run for one-half hour (i.e. 7:00 pm dance, no one admitted after 7:30 pm) without prior permission.
4. No one is allowed to leave the dance early and return to the dance. Once students leave, they are not readmitted.
5. No loitering in the parking lot during the dances.
6. Dances end promptly at the published time. Please make sure that rides home are available at the ending time of the dance so that volunteer chaperones are not unnecessarily delayed leaving.

Hallway Behavior

Because school is a public environment, students are expected to maintain proper decorum in the hallways at all times. Inappropriate behaviors include such things as running, jumping, any use of profanity, shouting, horseplay of any type, eating and drinking anything, and public displays of affection.

Lockers

Lockers are provided for the convenience of students and should be kept locked at all times. This applies to hall lockers and gym lockers. **The school cannot assume responsibility for things that are missing or taken from lockers.**

All lockers are and shall remain the property of the school district and are on loan to students. Students should not expect that their lockers and contents thereof are subject to privacy from searches and possible seizures.

Special Note: School administrators or their designees maintain the right to open and examine any student hall or gym locker at any time, with or without the student present especially if there is reason to suspect the presence of illegal, disruptive, and/ or dangerous materials or substances.

Lunch Charges

Students may charge their lunch in the cafeteria a maximum of three times before their charging privileges are suspended.

Phones

Parents are encouraged to use the office for all communication with students. Cell phone calls and texting to and from students is permitted during lunch time, but prohibited during all other school hours. Student use of the office phones will be reserved for emergencies and issues deemed urgent by the school staff. Students who need to call home for medical concerns should seek care from the nurse prior to calling.

School Closings

Announcements for school closings and delays due to inclement weather or other emergencies will be announced as soon as possible by calling parents using the automated School Messenger system. Information will also be posted on the district website.

Student Assistance Program (SAP)

Today's students are often confronted with a variety of problems that interfere with their ability to succeed in school. Such problems include depression and the use and abuse of controlled substances. Family problems involving drugs, alcohol, or depression also establish barriers to a successful school experience. Recognizing that these students are "at risk", the Twin Valley School District has committed itself to a program that is intended to provide a means to identify these students and to afford them appropriate resources to resolve their problems. This commitment takes the form of the SAP Team.

The SAP Team's purpose is to identify students who are having problems in school because of drug or alcohol abuse (personal or family), or suffer from mental health problems. This is an intervention, not a treatment program. Students who are identified are then referred to appropriate agencies for help. The team provides the student and his or her family with information and resources to help the student understand and resolve the problem. The SAP Team members include teachers, counselors, school nurse, Family Guidance Services representative, Caron representative, and Principals. Team members have undergone special training to work with these students.

Student Expression

The Board respects the right of students to express themselves in word or symbol and to distribute and post materials in areas designated for posting as a part of that expression. The Board also recognizes that exercise of that right must not interfere with the district's responsibility to maintain an orderly school environment and to protect the rights of all members of the school community. The Board requires that students who wish to distribute or post non-school materials on school property shall submit them two weeks in advance of planned distribution or posting to the building principal or designee, who shall forward a copy to the Superintendent. If the non-school materials contain unprotected expression as stated in this policy, the building principal or designee shall notify the students that they may not post or distribute the materials because the materials constitute a violation of Board policy. Refer to Board Policy 220 for more information.

Student Search

The principal or his/her designee who has a reasonable suspicion that illicit material or any material which poses a hazard to the safety and good order of the school, or violates school policy may conduct searches according to the guidelines in District Policy which include: school property (locker, storage cabinets, class desks), student possessions (pocketbooks, book bags, garments, automobiles) and personal searches.

Video Monitoring

In order to increase the safety and security of the Middle School, cameras have been strategically placed throughout the hallways, common areas, and outside locations.

Reviews of video footage will be limited to the principal, the superintendent, or their designee. Video documentation of misbehavior will be preserved only until the disciplinary action / disposition is reached, unless needed for a school board hearing or law enforcement purposes.

Visitors

School policy is to accept only those visitors who have legitimate business to attend to at school. Visitors and guests must register in the middle school office immediately upon entering the building. Parents are always welcome to visit and must also register in the school office when they enter. It is usually best to call ahead for an appointment with the administrator, teacher, or counselor with whom parents want to meet to ensure that the staff member is available. Visitors who violate school policies may be denied access to the school or grounds. Under no circumstances are visitors allowed on the school premises without the specific permission of the principal. Any visitor on school property without approval may be arrested for trespassing.

TVMS DISCIPLINE CODE

The Twin Valley Middle School staff believes discipline should be firm, fair, and consistent. Students should keep in mind they do not have the right to interfere with the education of other students in the school. Behavior that interrupts the smooth running of a classroom or risks the safety and welfare of others will be dealt with in a most serious manner. Our primary function is to educate, and those who hinder attainment of that goal are in violation of that basic goal. The educational process of a student is dependent upon individual self discipline. The most positive influence a student will have on a class is the responsibility for his/her own conduct. Our philosophy includes student accountability to the learning community. Students who cause harm or damage to others will be asked to repair the harm and offered restorative options to remain an important part of their community.

The Raider Pride Program seeks to build positive relationships and community spirit for all students at the Middle School. Involvement in this advocacy program provides students an opportunity to better understand themselves, their peers, and the larger school community. Activities and discussions about cooperation, diversity, bullying, resilience, and goal setting are important components of this program. In addition to school wide events, students are encouraged to demonstrate positive acts of kindness and support to their school community. Students are recognized for their positive behavior and contribution to the school community.

Not all behaviors are specifically addressed in this code. Behaviors not listed will be referred to and handled by the building Administrators. The following is a list of possible disciplinary responses.

Possible Disciplinary Responses

Reflection Writing		
Verbal Reprimand	Special Written Assignments	Temporary Time Out
Seat Change	Guidance Counseling	In/Out School Suspension
Behavioral Contract	Parental Contact / Meetings	Staff/Peer Mediation
Strict Supervised Study	Restriction of Privileges	Lunch Detention
Detention	Schedule Change	Restorative Meetings

Repeated infractions of the behavior code will be handled in a progression of levels, and will include mandatory parent meetings, behavioral interventions, and possible restrictions and modification of participation in activities outside of the required school curriculum.

Definitions

Detention - Teacher directed instruction on decision making and appropriate behaviors from 2:45 to 4:15 p.m., or for an hour prior to the start of school. Students must complete the written work associated with the instruction before being dismissed from detention. Some students find themselves in violation of a rule which leads to an after-school detention. A detention date and time is issued to the student and he/she is required to serve it. This requires the student to seek an alternative form of transportation. While this may be an inconvenience, your child must take responsibility for his/her own actions. There will be ***no exceptions***. Any student who does not serve an assigned detention will be given additional consequences.

In-school suspension – Student reports to school and is assigned to the ISS room for the specified number of days. **Disruptions in ISS will result in time added on to the suspension while repeated disruption will result in out-of-school suspension.** Participation in after-school activities, including athletics, is not allowed during and between suspension days.

Out-of-School Suspension - In accordance with 22 PA Code, Section 12.1 et seq., temporary, Out-of-School suspensions may be made by the principal without a hearing for a period of up to three days. A student must be informed of the reasons for the suspension and be given an opportunity to respond before the suspension becomes effective. For what is termed a full,

Out-of-School Suspension (a suspension of up to ten days), an informal hearing before the principal must be offered to the student and the student's parents.

Students who are suspended out of school remain out of school during the period assigned and may not participate in school activities or be present on school property. Parents/guardians are urged to restrict students to their home and have them do homework assigned.

Initial notification should be accomplished within 24 hours by phone with a Parent/Guardian/Student/Assistant Principal and/or Principal Conference to occur during the suspension period prior to re-admittance to school.

Disorderly Conduct - Students who engage in disorderly conduct by fighting with or threatening others, engaging in violent or tumultuous behavior, making unreasonable or offensive noise, using obscene language or gestures, or creating hazardous or physically offensive conditions by actions which serve no legitimate purpose, may be issued a disorderly conduct citation by the school administration. This citation will result in a fine by the District Justice.

Expulsions/School Board Hearings - Any student who is involved in a series of disruptive activities or who continues to violate school rules to the point of being disruptive to the program may be scheduled for a school board hearing. At this hearing, the school board will rule on the necessity of excluding this student from school for a period to exceed the ten-day maximum imposed by the school administration. Before reaching the hearing stage, student and parents will be counseled by school personnel and have a meeting with the superintendent or designee.

Under certain circumstances that include admission of disciplinary violation, a student and their parents/guardians may be offered the option to enter into an agreement that includes a waiver of the formal and due process hearings.

Anti-Bullying Policy

Bullying of a student by another student is strictly prohibited on school property, in school buildings, on school buses, and at school-sponsored events and/or activities whether occurring on or off campus.

Bullying shall mean intentional verbal, written, electronic or physical conduct directed at a student by another student(s) that is severe, persistent or pervasive, and has the effect of:

Anti-bullying signs and posters are posted throughout the school building as a reminder of school community beliefs and practices regarding bullying and bullying behavior.

Bus Regulations

School bus transportation is a privilege. Missing the bus is not a lawful absence. Transportation can be denied to any student who jeopardizes anyone, damages property or commits any offenses described, but not limited to those identified under behavior violations. Parents will be expected to provide transportation for any student whose privileges have been suspended. Generally, students must obey and cooperate with the bus driver, teachers, or any other persons assigned to supervise any part of the school transportation system. Students will be required to sit in assigned seats unless otherwise directed by the driver. The bus driver has authority to discipline the pupils on his/ her bus.

Students should:

- ✓ Obey the bus driver
- ✓ Be at the bus stop ten (10) minutes prior to pick up.
- ✓ Enter the bus and take their seats without disturbing other students.
- ✓ Talk in a normal voice. Do not shout.
- ✓ Never put their arms or heads out of the windows.
- ✓ Remain in their seats while the bus is in motion.
- ✓ Ride only their assigned buses.
- ✓ Wear seat belts at all times on those vehicles which have them installed.

Students should not:

- ✓ Throw items on the bus or from the bus at any time.
- ✓ Eat or drink on the bus at any time.
- ✓ Play any type of radio, tape, or CD players without headphones on the bus. (The district and contractors are not liable for any damage or theft of these items.)
- ✓ Smoke on a school bus.
- ✓ Take items that cannot fit on a student's lap on the bus.

School Procedures for Misconduct

The school bus driver is expected to be in control of the bus and the passengers at all times. When serious misconduct occurs or when misconduct is repeated, the school bus driver is expected to report such action to the school principal or designee. The school principal will take whatever actions he/ she deems necessary to correct the situation. Parents will be advised by the building principal when reports of misconduct are made to the school office. The building principals are the only ones with the authority to suspend transportation privileges. A parent of a student whose transportation privilege is suspended must confer with the school administration before the privilege is restored.

Conduct at the Bus Stop

Students are expected to arrive at the school bus stop at least ten (10) minutes prior to pick up time. They should wait off the street or roadway and conduct themselves in a responsible manner. Students should never accept rides from strangers.

Large Article on Buses

The Pennsylvania Department of Transportation mandates in 67 PA Code 171.58, that the interior of a school bus must be free of objects which could cause injury. Objects must be secured, and the aisles and emergency exits open and free of blockage. The following must be adhered to at all times:

- ✓ Large band instruments or school project items are not permitted on the bus unless they can be held on the pupil's lap.
- ✓ Items may not be placed under seats; they become projectiles upon impact.
- ✓ Nothing can be carried on the bus that will endanger others (i.e., glass objects, hockey sticks, skis, skateboards, large metal objects, etc.).
- ✓ Animals are not permitted on the bus.
- ✓ Nothing can be placed in the driver's compartment, doorway, or aisle. In case of an accident, students must be able to exit out of windows and doors.

Transportation/Video Monitoring

The Board recognizes that serious misconduct on board a bus jeopardizes the safety of all passengers and that the limited use of video monitoring will help ensure safety by serving as a deterrent to serious misbehavior. The responsibility for maintaining reasonable discipline on board the district's school busses begins with the individual driver. Bus Incident reports will continue to be the primary tool for use by the driver to report misconduct which he/she observes that cannot be corrected by less formal means, such as re-assigning seats or giving verbal warnings. These reports are forwarded to the responsible building principal for corrective disciplinary action as per existing district guidelines or procedures. If patterns develop or violations occur, the principal and/or bus driver may request the use of video-audio monitoring. The District Operations Director will review and approve or disapprove the request. Upon approval, the video-audio monitoring device will be installed. The device will be installed on an as-needed basis. A warning (via a posted decal) informs riders that a video-audio monitoring system may be used at any time. Disks will be erased and re-recorded if no incidents occur.

Reviews of video-audio disks will be limited to the Principal, District Operations Director, the Superintendent's Designee and the Superintendent. During an expulsion hearing school directors have a right to view a video-audio if the video disk provides evidence in the case. Video-audio recorded documentation of misbehavior will be preserved only until the disciplinary action / disposition is reached. Thereafter, all recorded evidence of the misbehavior will be erased and/or recorded over.

The district shall comply with the provisions of federal and state law and regulations regarding student record requirements as applicable to the district's use and disclosure of recordings. Recordings considered part of a student's educational record shall be maintained in accordance with established student record procedures governing access, review and disclosure of student records. Accordingly, a parent/guardian will be permitted to view a tape only if no other student is identified. A request for viewing a video-audio disk may be made by a student's parents or guardians if the student has been videotaped and disciplinary action has been recommended. All requests should be in writing addressed to the principal of the student's school.

Harassment Policy

Unlawful, ethnic, or sexual harassment is prohibited at Twin Valley. Unlawful harassment includes repeated, unwelcome, and offensive slurs, jokes, or other verbal, graphic, or physical conduct (such as touching, rubbing, grabbing, pushing, hitting, or punching) about another person's race, color, ancestry, religion, sex, national origin, age, or handicap/ disability.

- ✓ First offense – All parties involved receive official warnings to cease and desist the harassing behavior. Serious first offenses may require additional consequences. (See further consequences.)

A student found to be in violation of this policy shall be subject to disciplinary measures set forth in the discretion of the building administrator, which may include suspension, and/ or permanent exclusion from athletic teams, athletic events, extra-curricular and co-curricular activities and events, in accordance with due process.

One exception that is authorized by FERPA permits disclosure without consent to school officials with legitimate educational interest.
- ✓ The right to file a complaint with the United States Department of Education concerning alleged failures by the District to comply with the requirements of FERPA.

In accordance with law, the school district shall maintain required records concerning adjudicated students and transfer student discipline for offenses involving weapons, alcohol, drugs, and violence on school property.

When a student transfers to this district, a certified copy of the students disciplinary records shall be obtained from the school from which the student is transferring. This record shall be maintained as part of the student's disciplinary record and shall be available for inspection.

TVSD Approved Safe Snack List

The Twin Valley School District is committed to the wellness of our learning communities and supports our students and staff diagnosed with life threatening allergies or other medical concerns. People diagnosed with severe allergies can have devastating reactions that can result in serious illness, or in extreme cases, death when exposed to a specific food allergen. In recognition of the welfare of our students and staff, TVSD has adopted the following procedures to address classroom birthday celebrations, daily snacks (if permitted by the classroom teacher), and classroom parties.

1. No food is permitted to be sent in to school for birthday celebrations. Alternative celebration items may be brought into the classroom to give out to students such as stickers, pencils, or other small tokens. Other alternatives may include donating a book to the classroom or school library in honor of the birthday celebrant.
2. Snacks must come from the recommended safe snack list. This list was made with consideration to the elimination of peanuts and tree-nuts as well as promoting healthy snacks. Snacks are not to be shared in the classroom. The approved list of snacks may have additional restrictions depending on life threatening allergies that may be present in the classroom.
3. While food is not necessary for seasonal classroom parties, if any treats are provided to students during parties they must follow the guidelines of the recommended safe snack list. The following list pertains to snacks brought into the classroom and is a guide for families to help keep our students safe from allergen exposure.

TVSD requests that you please read ingredient labels each time and keep in mind if you are sending in veggies or the specific fruits listed, that they have been prepared in a clean environment without risk of cross contamination. Additionally, food must be in its original packaging and sharing of food between students will not be permitted. If your student is in the elementary grades you may send in a bulk bag of a snack item with your child's name labeled on the bag and the teacher will distribute from that bag daily.
