

## TVMS 2019-20

### Back to School Night Agenda

Parents,

Welcome back to the Middle School! Please report to the 6:25 PM location listed on the chart below for the grade level of your student. You will move to four locations within the building to hear about various aspects of “middle school life” that will be experienced by your child, and standard procedures for you to know about the middle school. This schedule should allow opportunity for those parents who have students in both upper and lower middle school grades to hear their children’s specific team teachers discuss their classrooms and programs. There are also specific times in the beginning and end of the evening schedule for those who wish to touch base with individual staff members. *This should be especially helpful for some 7th & 8th grade parents whose child may be cross-teamed for their math class.* We have prepared a fairly comprehensive program for the evening and hope that it is both informative and enjoyable for you.

#### Parent Rotations

Time	6 <sup>th</sup> Grade	7 <sup>th</sup> Grade	8 <sup>th</sup> Grade
